SUMMARY

- About 10 years of full life cycle software development experience.
- About 10 years of Object Oriented Analysis & Design experience with OO Design Patterns applied.
- About 7 years of experience with Microsoft .Net framework from 2.0 to 4.5.
- Over 10 years of Web development experience.
- 3 years of experience successfully leading and managing development teams.

SKILLS

- Proficient in .Net Framework, C#, ASP.NET MVC, ASP.NET Form, WebAPI
- Proficient in OO Design Patterns, UML
- Proficient in Html, CSS, JavaScript, JQuery, KendoUI, KnockOutJS
- Proficient in SQL Server, SSRS, SSAS, Raven DB
- Proficient in Agatha Services, StructureMap, AutoMapper
- Familiar with Service-Oriented Architecture (SOA), Windows Communication Foundation(WCF)
- Familiar with Test Driven Design, XUnit unit testing framework
- Familiar with Domain Driven Design, NHibernate, Entity Frameworks
- Familiar with TFS, TortoiseSVN, CodePlex , Git

PROFESSIONAL EXPERIENCE

Technical Manager (02/2013 – Present)

FEiSystems.com, China

- Designed and developed eLTSS solution using ASP.NET MVC, C#, Domain driven design.
- Played key architect role in setting up and enhancing eLTSS base framework structure.
- Led development teams to design and implement InterRAI assessment module, Level of Care Module, Application Packets Module, Developmental Disability Module, for various eLTSS solutions using Raven DB, MVVM presentation pattern, Agatha, Ajax/Jquery and Kendo JS etc.
- Resolved and enhanced RavenDB query technique and practices to enhance module interaction and overall eLTSS base solution stability and efficiency.
- Led development teams to design, develop, and implement advanced client modules of In-home Support Assurance System (ISAS) using ASP.NET MVC, C#, WCF, Ravendb.
- Evaluated development team and plans for eLTSS in Beijing office.

- Established standards and procedures to track and measure the progress of project.
- Managed and monitored the development resources allocation.
- Worked with upper management to make decision of high level technical strategy and approach on projects.

Sr. Software Developer (2011 – 2013)

Easyhome Investment Holding Group, China

- Led e-Learning project.
- Led franchise website project.
- Led version control management project.
- Led HR performance review project.
- Led franchise sale report projects with SSRS.
- Maintained web server configuration and security.
- Maintained database efficiency and auto process.

Software Developer (2009– 2011)

Phoenix Furnace, China

- Led and implemented library management project, national standardization management project.

Software Developer (2008 – 2009)

1800-GOTJUNK, Canada

- Developed franchise marketing project.
- Maintained online client scheduling system.
- Participated in SharePoint evaluation process.

Software Developer (2006 – 2008)

TSi Auto Solutions, Canada

- Developed Toyota Austrailia BI project, Hyundai Canada BI project, Toyota Canada Bi Project
- Developed ETL project.

EDUCATION

Bachelor of Computer Science, University of New Brunswick (2001 – 2006)

- Member of Dean's List
- One Year Internship with Medavie Blue Cross
- Microsoft Certifications (MCTS .NET Framework, MCTS SQL Server 2005)
